

Analysis of School Structures: Teams, Time, and Tools

Choose one system or structure within each component for your area of focus.

TEAMS

Chosen system or structure:

Current State	
Desired State <i>Consider what your team needs to support GLEAM® instruction.</i>	
Why <i>What challenges are connected to people and teams (e.g., systemic and structural, logistics)?</i>	
Hows <i>Consider the implications on teams.</i>	
Leadership Actions <i>What can you adopt, adjust, or toss to implement your "hows" and revised system?</i>	

TIME

Chosen system or structure:

Current State	
Desired State <i>Consider what your team needs to support GLEAM® instruction.</i>	
Why What challenges are associated with <i>time</i> (e.g., scheduling, planning, etc)?	
Hows <i>Consider the implications on time.</i>	
Leadership Actions <i>What can you adopt, adjust, or toss to implement your "hows" and revised system?</i>	

TOOLS

Chosen system or structure:

Current State	
Desired State <i>Consider what your team needs to support GLEAM® instruction.</i>	
Why What challenges are associated with tools (e.g., usage, implementation, etc)?	
Hows <i>Consider the implications of tools.</i>	
Leadership Actions <i>What can you adopt, adjust, or toss to implement your "hows" and revised system?</i>
