

Professional Learning Heat Map Tool

The Professional Learning Heat Map is a practical tool for aligning change theory with your vision for professional learning. Select the response that best reflects the frequency with which your professional learning supports GLEAM® Instruction.

Consider each statement about your professional learning.	How often does your professional learning support GLEAM Instruction?
Our professional learning promotes collaboration around instructional improvement.	<input type="checkbox"/> Frequently <input type="checkbox"/> Intermittently <input type="checkbox"/> Infrequently
Educators are clear about your change theory connected to their professional learning.	<input type="checkbox"/> Frequently <input type="checkbox"/> Intermittently <input type="checkbox"/> Infrequently
There are opportunities for critical evaluation.	<input type="checkbox"/> Frequently <input type="checkbox"/> Intermittently <input type="checkbox"/> Infrequently
Our professional learning encourages shared expertise and knowledge creation.	<input type="checkbox"/> Frequently <input type="checkbox"/> Intermittently <input type="checkbox"/> Infrequently

Team, Time, and Tools Reflection

Team: Who leads the professional learning sessions? Who benefits from that learning?

Time: Is the frequency of the professional learning sessions consistent and appropriate to meet strategic priorities for GLEAM instruction?

Tools: Are the professional learning tools supportive of GLEAM instruction and easily accessible?
