GLEAM™

Instruction

Only when mindset and planning are purposefully put into the service of **GLEAM™** — grade-level, engaging, affirming, and meaningful — instruction do we see the teacher actions and student experiences that exemplify culturally responsive and sustaining instruction.

Chart Your GLEAM™ Instruction Journey!

SET VISION

Leadership Institute

At Leadership Institute, leaders and teams will have the time and space to:

- Examine the issues and inequities affecting your school system and develop an action plan to address them.
- Reflect on and assess your leadership practices alongside your peers.
- Learn to leverage limited time, money, and people for improved outcomes.
- Foster alignment and cohesion to unlock your team's transformative potential.

Set Your GLEAM™ Vision

GLEAM™
Instruction

BUILD MINDSETS

Standards Institute

Teachers and leaders will:

- Understand content-specific, grade-level standards deeply.
- Learn how to maintain academic rigor by fostering productive struggle and scaffolding.
- Learn how to plan, design, and deliver GLEAM instruction.

Local Summits

Teachers and leaders will:

- Build awareness and understanding of educational inequities.
- Learn to recognize and understand GLEAM instruction.
- Identify the mindsets and practices that support GLEAM instruction.

Build GLEAM™ Mindsets

SHIFT PRACTICE

Cohort Program

Observing for GLEAM Instructional Practices Pathway: Leaders and their teams build a deep understanding of GLEAM instruction in order to shift mindsets and instructional practices.

Galvanizing for GLEAM Pathway: Leaders and their teams learn how to operationalize GLEAM practices in their own school systems.

Math Leader Collaborative

Our four-month Math Leader Collaborative (MLC) Program gives school-based instructional teams the leadership tools and skill sets essential to improving math instruction.

GLEAM™ Inventory

Together, we will:

- Build the mindsets and practices to implement GLEAM instruction.
- Observe and measure GLEAM with our Equitable Instruction Observation Tool.
- Turn your data into action steps.

Measure GLEAM™

Make GLEAM™ Instruction Real
